EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Rick Yeager on April 27, 2005.

The application has been amended as follows:

In line 1 of claims 31-34, respectively, "system" has been deleted.

2. The following is an examiner's statement of reasons for allowance:

The claims are allowed for the reasons indicated in the Office Action mailed September 2, 2004.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Terminal Disclaimer

3. The terminal disclaimer filed on March 2, 2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US Pat No 6,582,613 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Drawings

4. The drawings were received on March, 2005. The substance of the changes to the drawings is approved. However, as Figs. 2-5 have "scratch-out" marks and Figures 12-13 have the deficiencies noted in the Office Action of September 2, 2004, new, formal drawings are required. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
